

## CHAPTER V

### CONCLUSION AND SUGGESTION

The study's conclusion was presented in this chapter's first section based on the research's findings and discussion. The second section, meantime, offers some recommendations for future academics who are interested in examining the rhetorical frameworks and translation strategies of the abstracts.

#### 5.1 Conclusion

After doing some analyzes, there were three conclusions based on the research problems, the research problems were *(1) How was the implementation of teaching speaking using English British Council Teens Website to the first semester students year 2021-2022 at STKIP PGRI Sidoarjo?* *(2) How was the achievement of students' speaking using English British Council Teens Website to the first semester students year 2021-2022 at STKIP PGRI Sidoarjo?*

Based on the observation field note and interview, the conclusion of first research problem was implementing of teaching speaking using English British Council Teens Website by the lecturer that was good, it was proven by preparation of the lecture's lesson plan and applying it to the studens. Based on the interview, replied that she had made some preparations, such as creating the lesson plan, reminding students to prepare mobile phone to open the website, The lecturer retorted that she used one of material in English British Council Teens Website, entitled *A friend in need*. The lecturer responded that some of the difficulties she had in teaching speaking for example in students' pronunciation, vocabulararies. Before class started that having conversation among lecturer and students, use humor, game's apperception etc. Due to the lecturer's thorough preparation before class, the students' enthusiasm increased, and the lecturer needed less energy to instruct. as students' enthusiasm grew, the lecturer didn't

need to spend as much time. It was very helpful for her students, not only having better understanding in vocabularies and pronunciation, but also increase their learning motivation.

Based on the test that in English British Council Teens Website, the result of second research problem was the achievement of students' speaking using English British Council Teens Website. The achievement of students' test that they could pass a test of British Council Teens Website, there was significance improving from the pretest with the score 1131 average 75 to the posttest with the score 1340 average 89. The difference was the score 209 average 14.

## **5.2 Suggestions**

Based on the result of the study, the researcher puts some suggestions to the following parties.

### **1. The Students**

Based on the findings, the students should increase vocabularies by watching some English's movie, and the students should practice speaking English with other friends because there were many difficulties in speaking for example pronunciation, fluency.

### **2. Other Researcher**

There were still many ways to implement in teaching speaking using other better techniques. Finally, other researchers could analyze other ways to implement in teaching speaking and other skill. The result of this study may be used as early information to conduct further researches.
